

Save time and money with Full Service Billing!

Provide yourself peace of mind and reliable cash flow with our Accounting Services. Our Accounting Professionals can save you time, and put money back in your pocket!

Why should you consider a billing service?

- ◆ 40% of small business owners feel accounting and billing is the worst part of owning a business.
- ◆ Cash flow and business costs are the top two challenges for small businesses.
- ◆ According to a U.S. Bank study, 82% of businesses that failed cited cash flow problems as a factor in their failure.

What is included?

- Team of seasoned professionals working on your behalf
- Billing and collections service
- Streamlined customer billing and monitoring fee payment
- Consistent and reliable cash flow (monthly refund)
- Flexible payment type and frequency

How it Works:

Security Central bills your customers at the retail monitoring rate that you provide and at the frequency you specify. Your money is mailed or electronically deposited into your checking/savings account monthly. You will receive a detailed report listing each of your customers and the amount each customer paid the prior month.

“With Security Central handling my billing and collections, it allows me more time for sales and installations”

- Barbara W.
